Solution Requirements

Date	2 October 2026
Team ID	6abca5b16f395c49751f124d
Project Name	LegalEase: AI-Powered Legal Document Generator
Maximum Marks	4 Marks

Step 1: Functional Requirements (FR)

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	Document Input	Select document type; enter parties, terms, effective date and optional instructions.
FR-2	AI Generation	Send validated inputs to Gemini and return a structured legal-document draft.
FR-3	Document Types	Support Employment Contract, NDA, Lease, Service Agreement, General Contract, Offer Letter and Custom Document.
FR-4	Preview & Edit	Display generated content and allow the user to edit the latest draft.
FR-5	TXT Export	Download latest edited content as UTF-8 TXT.
FR-6	DOCX Export	Generate professionally formatted Word document.
FR-7	PDF Export	Generate professional multi-page PDF with margins/footer/page handling.
FR-8	Error Handling	Handle missing inputs, API failures and export errors with user-friendly messages.

Step 2: Non-Functional Requirements (NFR)

NFR No.	Requirement	Description
NFR-1	Usability	Simple guided interface and readable preview.
NFR-2	Security	API key stored in environment variables and excluded from Git.
NFR-3	Reliability	No hard-coded AI response; graceful handling of unavailable Gemini service.
NFR-4	Maintainability	Modular source structure with clear

		responsibilities.
NFR-5	Performance	Interactive response suitable for local demonstration, subject to network/model latency.
NFR-6	Legal Safety	Generated content presented as a draft, not guaranteed legal advice or validity.
