Prompt Engineering & Experimentation

Date	2 October 2026
Team ID	6abca5b16f395c49751f124d
Project Name	LegalEase: AI-Powered Legal Document Generator
Maximum Marks	Project Deliverable

Prompt Design

The prompt combines the selected document type with the parties, effective date, terms, optional jurisdiction and additional instructions. Gemini is instructed to create a structured draft appropriate to that document type, preserve supplied facts, and use placeholders for important missing facts.

Document-Specific Guidance

Document Type	Prompt Focus
Employment Contract	Role, responsibilities, compensation if supplied, confidentiality, termination, signatures.
NDA	Confidential information, permitted use, exclusions, obligations, duration and signatures.
Residential Lease	Landlord/tenant, property, term, rent/security details if supplied, obligations, signatures.
Service Agreement	Scope, deliverables, payment if supplied, responsibilities, confidentiality, termination.
Custom Document	User-defined structure guided by supplied terms and instructions.

Prompt Experiments

- Verify different document types produce materially different structures.
- Verify missing salary/rent/address values are not invented.
- Verify semicolon-separated terms are incorporated as clauses where appropriate.
- Verify generated output is readable after TXT, DOCX and PDF conversion.
- Verify the model does not claim the draft is guaranteed legally valid.
